1. Course Objective

Gain hands-on expertise in IC3 GS4 Living Online exam with IC3 GS4 Living Online course and performance-based labs. Performance-based labs simulate real-world, hardware, software & command line interface environments and can be mapped to any text-book, course & training. IC3 GS4 Living Online course and performance-based labs cover all the objectives of IC3 GS4 Living Online exam which include skills for working in the Internet or networked environment and maximizing your communication, education, and social interaction in a safe and ethical way.

2. Pre-Assessment

Pre-Assessment lets you identify the areas for improvement before you start your prep. It determines what students know about a topic before it is taught and identifies areas for improvement with question assessment before beginning the course.

3. Exercises

There is no limit to the number of times learners can attempt these. Exercises come with detailed remediation, which ensures that learners are confident on the topic before proceeding.

60
EXERCISES

4. Quizzes

Quizzes test your knowledge on the topics of the exam when you go through the course material. There is no limit to the number of times you can attempt it.

5. Flashcards

Flashcards are effective memory-aiding tools that help you learn complex topics easily. The flashcard will help you in memorizing definitions, terminologies, key concepts, and more. There is no limit to the number of times learners can attempt these. Flashcards help master the key concepts.

6. Glossary of terms

uCertify provides detailed explanations of concepts relevant to the course through Glossary. It contains a list of frequently used terminologies along with its detailed explanation. Glossary defines the key terms.

7. Expert Instructor-Led Training

uCertify uses the content from the finest publishers and only the IT industry's finest instructors. They have a minimum of 15 years real-world experience and are subject matter experts in their fields. Unlike a live class, you can study at your own pace. This creates a personal learning experience and gives you all the benefit of hands-on training with the flexibility of doing it around your schedule 24/7.

8. ADA Compliant & JAWS Compatible Platform

uCertify course and labs are ADA (Americans with Disability Act) compliant. It is now more accessible to students with features such as:

- Change the font, size, and color of the content of the course
- Text-to-speech, reads the text into spoken words
- Interactive videos, how-tos videos come with transcripts and voice-over
- Interactive transcripts, each word is clickable. Students can clip a specific part of the video by clicking on a word or a portion of the text.

JAWS (Job Access with Speech) is a computer screen reader program for Microsoft Windows that reads the screen either with a text-to-speech output or by a Refreshable Braille display. Student can easily navigate uCertify course using JAWS shortcut keys.

9. State of the Art Educator Tools

uCertify knows the importance of instructors and provide tools to help them do their job effectively. Instructors are able to clone and customize course. Do ability grouping. Create sections. Design grade scale and grade formula. Create and schedule assignments. Educators can also move a student from self-paced to mentor-guided to instructor-led mode in three clicks.

10. Award Winning Learning Platform (LMS)

uCertify has developed an award winning, highly interactive yet simple to use platform. The SIIA CODiE Awards is the only peer-reviewed program to showcase business and education technology's

finest products and services. Since 1986, thousands of products, services and solutions have been recognized for achieving excellence. uCertify has won CODiE awards consecutively for last 5 years:

- **2014**

1. Best Postsecondary Learning Solution

- **2015**

1. Best Education Solution
2. Best Virtual Learning Solution
3. Best Student Assessment Solution
4. Best Postsecondary Learning Solution
5. Best Career and Workforce Readiness Solution
6. Best Instructional Solution in Other Curriculum Areas
7. Best Corporate Learning/Workforce Development Solution

- **2016**

1. Best Virtual Learning Solution
2. Best Education Cloud-based Solution
3. Best College and Career Readiness Solution
4. Best Corporate / Workforce Learning Solution
5. Best Postsecondary Learning Content Solution
6. Best Postsecondary LMS or Learning Platform
7. Best Learning Relationship Management Solution

- **2017**

1. Best Overall Education Solution
2. Best Student Assessment Solution
3. Best Corporate/Workforce Learning Solution
4. Best Higher Education LMS or Learning Platform

- **2018**

1. Best Higher Education LMS or Learning Platform
2. Best Instructional Solution in Other Curriculum Areas

3. Best Learning Relationship Management Solution

11. Chapter & Lessons

uCertify brings these textbooks to life. It is full of interactive activities that keeps the learner engaged. uCertify brings all available learning resources for a topic in one place so that the learner can efficiently learn without going to multiple places. Challenge questions are also embedded in the chapters so learners can attempt those while they are learning about that particular topic. This helps them grasp the concepts better because they can go over it again right away which improves learning.

Learners can do Flashcards, Exercises, Quizzes and Labs related to each chapter. At the end of every lesson, uCertify courses guide the learners on the path they should follow.

Syllabus

Chapter 1: Using the Internet

- Understanding the Terminology about the Internet and the WWW
- Understanding the World Wide Web
- Browsing the Web with a Web Browser
- Using Multiple Tabs While Browsing the Web
- Downloading and Uploading Files on the Web
- Setting a Homepage in Your Web Browser
- Using and Clearing Your Browsing History
- Using Favorites or Bookmarks in Your Web Browser

- Searching for Text in a Web Page from Your Web Browser
- Using Plug-ins, Add-ons, and Extensions in Your Web Browser
- Summary
- Exam Essentials

Chapter 2: Understanding Networking and Its Most Important Concepts

- Understanding Networks: LAN vs. WAN
- Understanding Network Addressing

- Summary
- Exam Essentials

Chapter 7: Appendix A

12. Practice Test

uCertify provides full length practice tests. These tests closely follow the exam objectives and are designed to simulate real exam conditions. Each course has a number of test sets consisting of hundreds of items to ensure that learners are prepared for the certification exam.

Here's what you get

35
PRE-ASSESSMENTS QUESTIONS

30
POST-ASSESSMENTS QUESTIONS

Features

Full Remediation

Each question comes with detailed remediation explaining not only why an answer option is correct but also why it is incorrect.

Unlimited Practice

Each test can be taken unlimited number of times until the learner feels they are prepared. Learner can review the test and read detailed remediation. Detailed test history is also available.

Learn, Test and Review Mode

Each test set comes with learn, test and review modes. In learn mode, learners will attempt a question and will get immediate feedback and complete remediation as they move on to the next question. In test mode, learners can take a timed test simulating the actual exam conditions. In review mode, learners can read through one item at a time without attempting it.

13. Performance Based Labs

uCertify's performance-based labs are simulators that provides virtual environment. Labs deliver hands on experience with minimal risk and thus replace expensive physical labs. uCertify Labs are cloud-based, device-enabled and can be easily integrated with an LMS. Features of uCertify labs:

- Provide hands-on experience in a safe, online environment
- Labs simulate real world, hardware, software & CLI environment
- Flexible and inexpensive alternative to physical Labs
- Comes with well-organized component library for every task
- Highly interactive - learn by doing
- Explanations and remediation available
- Videos on how to perform

Lab Tasks

- Understanding WWW
- Understanding URL elements
- Browsing the Web using functionalities in IE
- Browsing the Web using functionalities in Firefox
- Installing VLC media player
- Setting the homepage in IE
- Deleting the browsing history
- Viewing cookies and temporary files in IE
- Accessing the browsing history in IE
- Saving a web page as a favorite in IE

- Searching for a text on a web page using the menu bar
- Adding google hangouts plugin
- Identifying a network topology
- Configuring IPv4 address
- Understanding the ipconfig command
- Configuring SSID
- Configuring Windows firewall settings
- Identifying protocol purposes
- Identifying transfer rates
- Identifying wireless standards speed
- Creating a dial-up connection
- Creating a remote access VPN connection
- Identifying troubleshooting rules
- Diagnosing networking issues
- Testing the existence of other hosts
- Analyzing network paths with tracert
- Releasing and renewing an IP address
- Understanding the arp command
- Using the netsh command
- Creating a Gmail account
- Sending an email message in MS Outlook
- Creating a contact in MS Outlook
- Forwarding an email message in MS Outlook
- Setting up automatic replies
- Archiving Outlook items
- Sending messages using an iPhone
- Testing sound service on Skype
- Updating facebook status
- Understanding verbal communication
- Identifying inappropriate ways of communicating online
- Identifying principles for identity protection
- Cleaning system using the CCleaner application
- Installing security software
- Running the MBSA tool
- Identifying key points for using the computer system

- Searching the web using Bing
- Identifying search operators
- Opening the online MS Word help file

Here's what you get
